The S. S's recommendation at Rawalpindi seems to be in our hands has been sanctioned. Speaking ex hypothesi, there may be a case of Physical Student desiring of treatment at Bilaspur & vice versa of the Bilaspur Medical school student of treatment at Rawalpindi. Possibly to prevent such a contingency, the S. S has clearly brought out this point. It seems necessary to embody it in the draft which may now be sent to Govt of Punjab for orders.

27/7

Yes, Mr. Malik's suggestion is right. Please see if it is alright.

I do not think the medical charges can be interpreted as covering in-patient charges which are, I believe, costlier than out-patient fees. Other medical charges might refer not to drug sundry charges. The S.S does not specifically state in what countries this practice prevails but only says "in most countries". It is better to ascertain the specific practice in Madras or Bombay.
